long family  
history and  
craftsmanship

Arnold Contract is one of America's most distinguished furniture manufacturers with a long tradition of fine handcrafted furniture for over fifty years.

You can rest assured that we'll provide you with only the finest quality products as our family's long standing reputation depends on it. Let our craft reflect positively on you.

## custom step-by-step

- 1 Designer Habjan Architecture of Montclair, NJ, provided Arnold Contract with specifications and sketches of a reception desk that highlighted horizontal fins.
- 2 Arnold Contract fabricated a mockup using acrylic fins embedded into a lacquer substrate for studio approval in order to acquire this custom order.
- 3 Upon approval, Arnold Contract proceeded with CAD drawings that were used for translation to the CNC routing machines, and the acrylic fins were cut out on a Weeke router.
- 4 An MDF chassis was assembled from other CNC cut pieces, glued together to form a block, sealed and lacquered. The acrylic fins were glued into the grooves of the chassis.
- 5 The finished product was delivered and installed, with an authorized Arnold Contract technician assisting on the final placement and fit.

Arnold Contract created this custom reception desk for Workflow Interiors of Waltham for Collective Media in New York City.
