

AN INTRODUCTION TO

Prismo

Prismo Series

Minimalism at its Best

Prismo Series designs display fine craftsmanship of simple architectural forms that bring wood's natural beauty to light.

Prismo features straight angular surfaces—providing a simple geometric sleekness.

As with all other Arnold Contract designs, Prismo can be customized to your workspace and your design preferences—from countertop and leg designs to woodgrains and finishes.

Stainless steel kickplates add a metallic shine to the sides, and also function for protection and endurance.

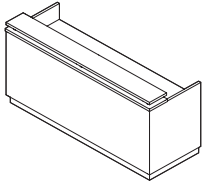

The interior provides a comfortable work area and the flexibility to add in multiple drawers.

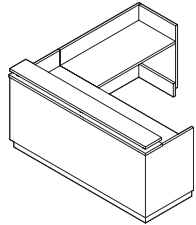

Prismo Series

Prismo features a glass transaction top on metal stand-offs and a recessed toe kick. Stylish, functional, and moderately priced.
